(Although some factors in determining Federal Tax liability are not to be considered in determining Norwood Earnings Tax (and vice-versa) the same rules may be used in calculating "income" as shown on line 1 of this return since Schedule X of this return provides for the reconciliation between Federal Law and Norwood Earnings Tax Ordinance).

The total amount of items deductible for Federal Income Tax purposes but not deductible under Norwood Earnings Tax, is to be inserted on this line from the left half of Schedule X.

INSTRUCTIONS FOR PAGE 2

SCHEDULE X

The taxpayer must use this schedule to reconcile the amount reported for Federal Income Tax with the amount subject to Norwood Earnings Tax.

1. Additions-certain items are deductible in computing Federal net income, but not deductible in computing the amount subject to Norwood Earnings Tax. They must be added to Federal total income.
  - (a) Amounts taken as a net operating loss carry-over on the Federal return must be added.
  - (b) Capital losses are not deductible under the City tax and shall not be taken into consideration in arriving at net profits earned.
  - (c) Where the taxpayer has expenses or other charges for carrying securities, etc., the amount of such expenses and charges must be shown. Since the income is not taxable by the City, the carrying expenses may not be deducted.
  - (d) Income Taxes may not be deducted in computing amount subject to this tax. Such deductions on the Federal return must be added to the amount shown on line 1.
  - (e) Payments to partners.
  - (f) If the taxpayer has taken any other deductions on his Federal return which are not allowed for this tax, the amount must be shown and source explained.
  - (g) If the taxpayer has taken any other deductions on his Federal return which are not allowed for this tax, the amount must be shown and source explained.
  - (h) All of the above items must be totaled and inserted on line 2(a) to be added to the amount shown on line 1, page 1.

2. Deductions - certain income taxable on the Federal return is not taxable by the City and must be deducted from Federal total income on line 2(b).
  - (i) Interest (intangibles) per current state law.
  - (j) Dividends and any other income specifically excluded from Norwood Earnings Tax by Ohio or Federal Law should be shown.
  - (k) Capital gains are not taxable under the Norwood Earnings Tax and shall not be taken into consideration in arriving at net profits earned. Such capital gains shall be excluded through Schedule X but only to the extent they are added to Earnings per Federal return.
  - (l) Any other income not subject to Norwood Earnings Tax must be shown and deducted from Federal total income, but deduction of related expenses to non-taxable sources of income is not permissible. Such expenses must be shown in left half of Schedule X. Business subject to allocation and using the allocation formula must use Schedule Y on page 2 to compute such allocation. If such taxpayer has books which accurately reflect the amount of net profits earned within and without the City of Norwood, he shall show in Schedule X the amount earned outside and explain the accounting method on an attachment. Any other non-resident taxpayer earning income within and without the City of Norwood may show the non-taxable portion here and explain the computation thereof.

SCHEDULE Y

This schedule is for taxpayers with business operations both within and outside Norwood to achieve a fair and equitable allocation of Net Profits to the city. To receive a detailed discussion of this formula, please contact the Norwood Tax Office, (513) 458-4590, or see the City of Norwood web page [www.norwoodohio.gov](http://www.norwoodohio.gov) and click on Tax Dept. and review Rules and Regulations - pgs 13-17.

SCHEDULE Z

The taxpayer should show any other income here and attach a listing of the source of income and documentation of such.  
NOTE: LOSSES FROM BUSINESS, INCLUDING RENTALS, MAY NOT BE OFFSET AGAINST PERSONAL SERVICE COMPENSATION.

TAX RETURN MUST BE SIGNED AS INDICATED BY THE APPROPRIATE PERSON.
